

2023 Equipment Appendices Changelog

Overall edits: fonts, page breaks, numbering, and spacing fixes

A.1 Stock Service Pistol Division (SSP)

- Added A.1.3.7 - "Compensated/ported firearms with a non-compensated/ported barrel installed."
- A.1.4.4 – added text "NO magwells allowed that can be removed and reinstalled. Factory or aftermarket."
- A.1.4.8 – changed "Compensated/ported firearms with non-compensated/ported barrels installed." to "Compensators of any kind or ported barrels"

A2. Enhanced Service Pistol Division (ESP)

- A.2.3.1 – Added text "Allowances and Restriction in"
- Added A.2.3.2 – "Ported barrels"
- Added A. 2.3.3 – "Compensator and Muzzle devices incorporated into the firearm. Screw on or removable attachments that are pinned on are not permitted."
- Added A.2.3.4 – "Aftermarket magazine base pads may be used provided they do not make the magazine weight more than 1.00 oz. over the same capacity factory magazine."

A.3 Custom Defensive Pistol Division (CDP)

- Added A.3.4.2 – "Compensators of any type including hybrid or ported barrels."

A.5 Revolver Division (REV)

- Added A.5.38.2 - "Compensators of any type including hybrid or ported barrels."

A.6 Backup Gun Division (BUG)

- Deleted text "The Backup Gun division is a required division for Tier 1 matches and is an optional in Tier 2 – Tier 5 matches at the Match Director's discretion, BUG is reported as a single division."
