CMP SAFETY/WAIVER INFORMATION

All visitors (shooters, vendors, staff, spectators) must stop at the clubhouse and go through the safety briefing movie and get a card before going to the range. This means all match visitors, even minors. The card must be on them at all times

ACCURACY. POWER. SPEED.

BERETTA 92X PERFORMANCE DEFENSIVE

The new Beretta 92X Performance Defensive has been specially designed to take your competition performance to the next level. Specifically built for IDPA competitors, the 92X Performance Defensive features the ergonomic features of the popular 92X Performance platform with a lightened steel frame and slide, a red-dot optic ready slide, and aggressively textured 92X-style thin grips.

Compliant with the 3 most shot IDPA Divisions (SSP, ESP, CO), the 92X Performance Defensive provides an uncompromising performance aimed at earning you a spot at the top of the podium with accuracy, power, and speed.

A Message from the Match Director

Frank Strong

Let me be the first to welcome you to the 2023 IDPA World Championship fueled by Beretta. This year we return to the outstanding CMP Range in Talladega, Alabama.

Our match sponsors, including the title sponsor Beretta, have come out in full force to support this great match for all of you. Please take time to visit their booths and bays to show your appreciation for their support.

This year's match will include all IDPA divisions under the new 2023 rulebook. As with the rule changes in 2022, 2023 brings big changes. The ESP-based divisions can have compensators or ported barrels, hopefully improving everyone's time and points down. Finally, a reduction in the number of stages required for Tier 2 matches so you can earn more points for Nationals. We will have 13 full stages this year with a warmup stage to begin the match and a cool down stage to end your match. Hopefully, you improve your time on the cool down stage and yes, they count for your score.

We will face a few challenges this year with the late 9 am start, full squads, and a 6:10 pm sunset. We will need everyone's help this year so we are not shooting in the dark. On our end we have designed the stages to minimize reset and delays. This included eliminating challenging starting positions, balancing the stages in the bays, and a reduction in the total number of stages. Additionally, I am happy to state that NO ONE will miss their steel shots this year because there is no steel. On your end, we ask for your help taping and resetting. Of course, if you are on deck or just finished and are reloading, you will not be expected to tape and reset. Thank you in advance for all your help resetting and keeping the match running smoothly. With your help, we will all be successful.

As a reminder, everyone competing or visiting our match, including staff, must comply with the CMP range rules that states anyone who leaves the confines of the clubhouse and clubhouse parking lot must watch the safety video and sign liability waivers. Each day before the first stage, your SO's will check all competitors to make sure they have a valid safety card. Anyone who does not have a safety card will be asked to immediately go to the clubhouse to resolve. If you do not have a valid safety card you will be asked to leave the range.

I look forward to seeing you all in Alabama and hope everyone enjoys the match. When posting videos or photos, it would be awesome if you could tag them with the hashtag **#IDPAWorlds23**.

Frank Strong

A Message from Joyce Wilson

Greetings to our IDPA members from all around the world as you arrive in colorful Talladega, AL, to participate in the 2023 IDPA World Championship Fueled by Beretta. We are thrilled to have shooters from more than 17 countries joining us for our fourth World Championship event.

This year you will find that our MD Staff has done a remarkable job in preparation and stage design. They have worked more than a year designing stages that are not only challenging but will keep the match flowing. If you see Frank Strong and his crew of assistants – Noel Gardner and Brent Sizemore – please take a moment and thank them for their work these many months.

Each year, we receive many applications from talented SOs who want to work the National or World Championship. We select those who have worked or MD'd other sanctioned matches so that they can take their new experiences and knowledge back to their area and mentor others. You will always see some new faces, as we strive to bring in some folks who have not worked a Tier 5 match. This training program helps establish a strong base of experienced SOs and also helps their local clubs and matches. The staff members you will see this week have given up close to 2 weeks of their time, vacation, and family events to come here and serve you. Please accord them the thanks and respect that they have earned through their knowledge and sacrifice.

Please also be aware of and compliant with the CMP Safety Program. Every staff member, shooter, sponsor, and guest must have their safety certificate card with them at all times after attaining it at the clubhouse. Anyone who does not have it will be escorted from the range, per CMP policy.

If you have earmarked this trip as a family event or vacation, I hope you will consider visiting some of the local attractions such as the International Motorsports Hall of Fame, Berman Museum, White Oak Vineyards, Anniston Museum of Natural History, Mountain Longleaf National Wildlife Preserve and Botanical Gardens, Zinn Park, or tube down the Choccolocco Creek. The CMP Range is a world-class venue and there are many things to enjoy while you are here.

Most of all, thank you for being here. Many of you have traveled from afar to participate in this event, and we thank you for the effort you've made to be here and the work you are doing to grow IDPA in your area. Please take a minute and welcome others that you may not know or may not see again for another four years. IDPA is a family; some of the family members you just haven't met yet.

Have fun, be safe!

A handwritten signature in black ink that reads "Joyce H. Wilson". The signature is written in a cursive, flowing style.

MATCH INFORMATION

Shooting Schedule

Your squad number indicates what day you are shooting.

Squad Numbers	Shooting Days/Times
301 - 314	All day Thursday
401 - 414	Fri. Morning & Sat. Afternoon
501 - 514	Fri. Afternoon & Sat. Morning

*The second and third digit of your squad number will indicate what bay you start on in the match. An example is Squad 301 and 302 will start on Bay A-1, Squad 313 and Squad 314 will start on Bay B-4. Odd numbered squads will start on the left side of the bay and even numbered squads will start on the right side of the bay.

- Squads *01 & *02 start on Bay A-1
- Squads *03 & *04 start on Bay A-2
- Squads *05 & *06 start on Bay A-3
- Squads *07 & *08 start on Bay A-4
- Squads *09 & *10 start on Bay B-2
- Squads *11 & *12 start on Bay B-3
- Squads *13 & *14 start on Bay B-4

Your shooter’s meeting will be at the range on your first day of shooting. After the shooter’s meeting, proceed to your first bay.

Squad Numbers	Shooter’s Meeting Time
301 - 314	8:30 AM Thursday
401 - 414	8:30 AM Friday
501 - 514	1: 00 PM Friday

MATCH BRIEF

The information contained in this match book is as important as the current IDPA rulebook. Competitors are expected to read and understand the contents of this match book. If you have any questions, please contact the match director.

Rules: The rules followed in this match are the IDPA Rules as found in the IDPA Official Rule Book, effective Feb. 22, 2023.

Muzzle Safe Point: Muzzle safe points will be indicated.

Alcohol and Drugs are prohibited on the range.

Target Pasting and Safety Officer Assistance: It is EVERY competitor's responsibility to assist the safety officers in any way to reset stages. Shooters can paste at least as many holes as they punch in the targets. Please, everyone help the SOs out.

Holster and Magazine Pouch Belt Locations: It will be the competitor's responsibility to assure that their holster and magazine pouches are worn in an appropriate location per IDPA rules for their division. If a safety officer has to asked you to move your equipment to comply with IDPA rules before shooting their stage, they will note it. If you have more than one reminder, you will be assessed a 3 second procedural penalty for each additional time.

Safety Areas: All Safety Areas are marked by Safety Area signs. You may case, uncase, and holster your pistol only in the Safety Areas. NOT ON THE LINE. No ammunition may be in any Safety Area. PCC may uncase adjacent to the side berm with the muzzle point into the berm with a chamber safety flag before each stage.

Loading to Division Capacity: Unless the course of fire requires otherwise, all divisions will load to division capacity prior to each string of fire.

Nametags: Keep your nametag with you so you can eat lunch and attend the Awards Banquet Dinner.

Course Walk Through: No individual stage walk throughs will be permitted. Each squad will be given a complete verbal description of the course of fire by the safety officers. However it will be the competitors responsibility to read and understand the course of fire prior to their squadded shooting time.
